- By Himwati Foods Pvt. Ltd.

हिमगोल्ड शुद्धता की पहचान

Authentic Indian Spices & Pickles

Bringing purity, tradition
and rich Indian flavours
to every kitchen.

Founder's Vision

MANAGING DIRECTOR'S MESSAGE

I come from a farming family, where I have developed a deep connection with the soil, agriculture, and authentic food traditions. From an early age, I have closely observed the dedication, hard work, and patience that go into producing quality ingredients.

Over the years, I have also witnessed how adulteration, artificial additives, and compromised quality have become common in the food industry. This has strengthened my belief that people deserve food products that are pure, safe, and authentic. I believe traditional taste and quality should remain an important part of every Indian kitchen.

In 2016, I founded Himvati Foods Private Limited with a clear purpose—to bring purity, quality, and authentic taste back to everyday cooking. Since then, we have continuously expanded our product range and have built Himgold and Top as trusted brands in the food industry. Today, we offer 400+ products across spices, pickles, sauces, and other culinary essentials. We maintain strict standards for quality, hygiene, and sourcing, while our strong distribution network across Across north india helps our products reach thousands of kitchens.

My vision is to establish Himgold and Top as household-favorite brands across India and globally. We will continue to introduce quality products, strengthen our relationships with customers and partners, and work closely with the farming community. As we grow, we will remain committed to responsible sourcing, reliable supply, authentic taste, and uncompromised quality. I believe our journey will continue to create greater value for consumers while bringing the goodness of traditional Indian food to more homes in the years ahead.

MR. SANDEEP KUMAR

Managing Director

Himvati Foods Private Limited
